Contributions to NIE 13-59, Economic Plans and Production of Communist China

REF : Division and Branch chiefs meeting on 5 August 1958 Regarding NIE 13-59 Contributions

1. Information about the Communist China aircraft industry is limited. However, pertinent FBIS items regarding the industry have later been confirmed by all source intelligence. Therefore, it is believed that we have a good understanding of the current status of the aircraft industry there and that we can make a reasonable estimate of the direction in which it is headed.

2. No difficulties are expected in doing the research for, or, in making our contribution to NIE 13-59.
